

HOW TO QUALIFY AS A NOT-FOR-PROFIT

This interactive seminar will assist the participant in the completion of the IRS's 501(c)(3) application to become approved as a not-for-profit. You will learn the key steps in the process as well as how to structure the organization. Such IRS approval is invariably the first step in obtaining 99% of all grant funding.

Conducted by

Niki Hinton, who is a newer SCORE member, having retired as a Health Care Administrator with over 35 years experience. Among other roles, she managed the largest hospital in Pennsylvania for several years. She has written numerous 501(c)(3) applications, the most recent being for a voluntary music appreciation group in Hernando County. She will share her experience and expertise with the participants.
